Comments from past participants:

*I'm dancing in the dance of life - my life - and it's in total congruence with all my values, beliefs and whole 'raison d'etre'. It's my 'dance' and I love it! This is an experience that I never want to let go of - I never want to end - and it is making such a difference not only to my life but already to those around me and those I know. **Julia Miles, UK***

*My breakthrough is knowing I'M truly a Powerful Entity in this World, and that my mission is to help people who have been scarred deeply and to let them know that we can all live happy and set aside pain for beauty, love and joy! I am THE Brand New Easy Women. **Lisa Johnson, US***

*Deb and Lynne can work with everyone to bring about transformation regardless of age, personal backgrounds, ethnicity and gender. The space they create is crystal clear, and loving, enabling people to move into their higher selves and highest potential. Lynne and Deb are very gentle, brilliant, non-judgemental, humorous, and totally authentic women. **Lisa O'Malley, US***
